The clock of life is wound but once, and no man has the power to tell just when the hands will stop, at late or early hour. Now is the only time you own; Live, love, toil with a will; Place no faith in tomorrow; For the clock may then be still.

Love is our law.
Truth is our worship.
Form is our manifestation.
Conscience is our guide.
Peace is our shelter.
Nature is our companion.
Order is our attitude.
Beauty & Perfection is our life.

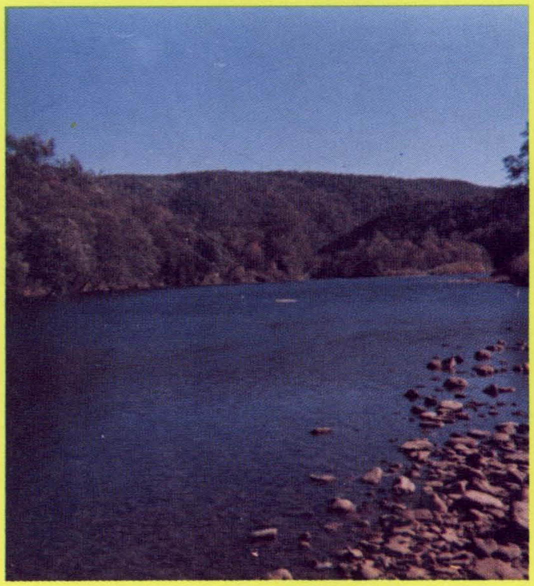

Autumn to winter,
Winter into spring,
Spring into summer,
Summer into fall——

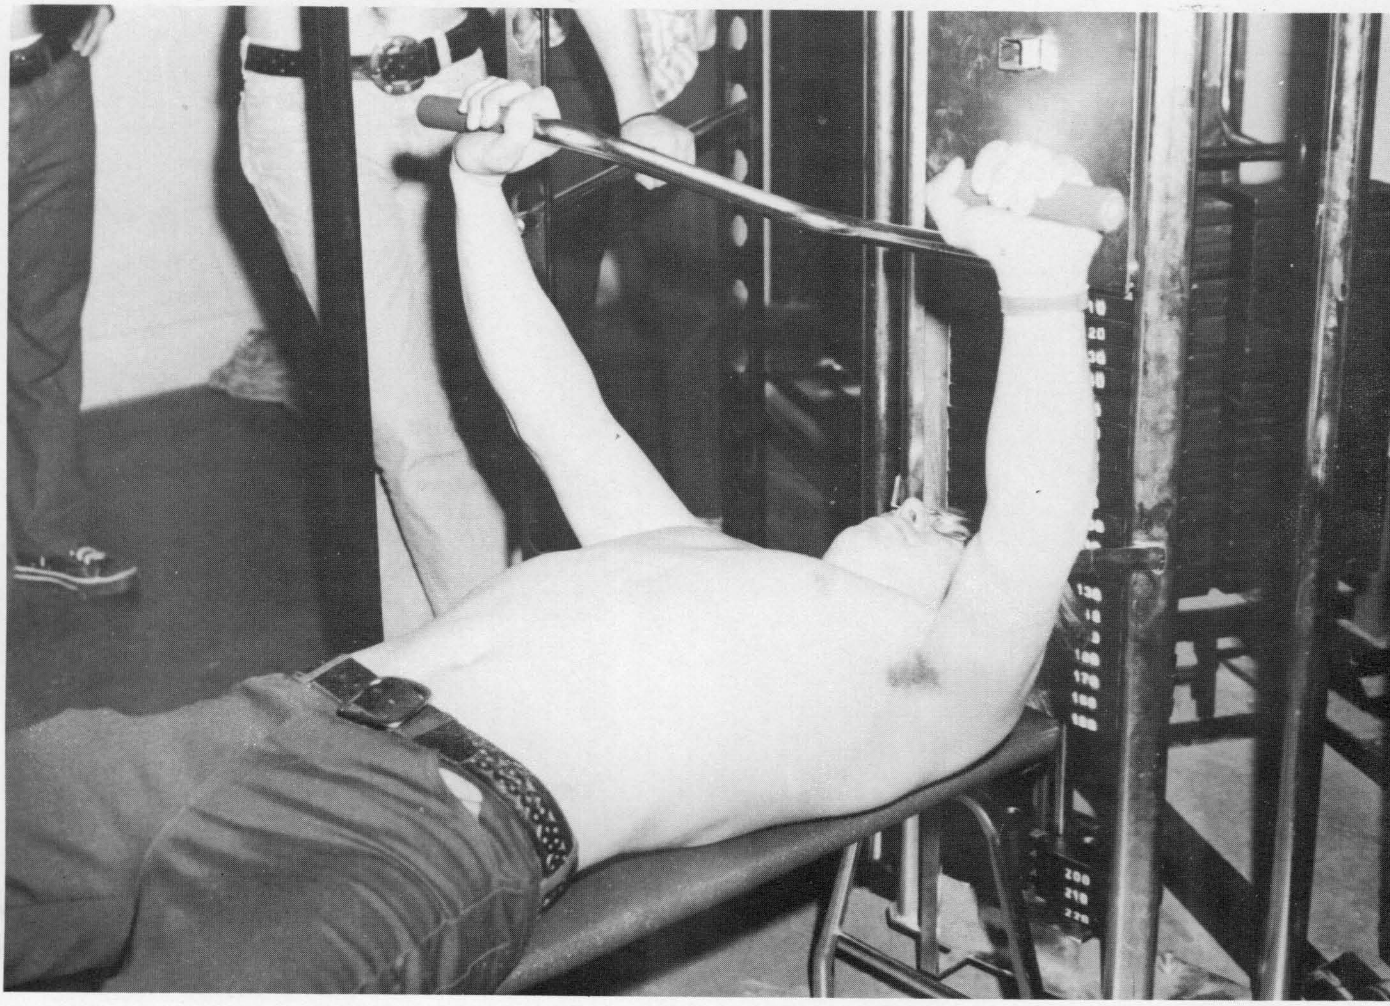

—So rolls the
changin year, and
so we change;

—Motion so swift,
we know not
that we move.

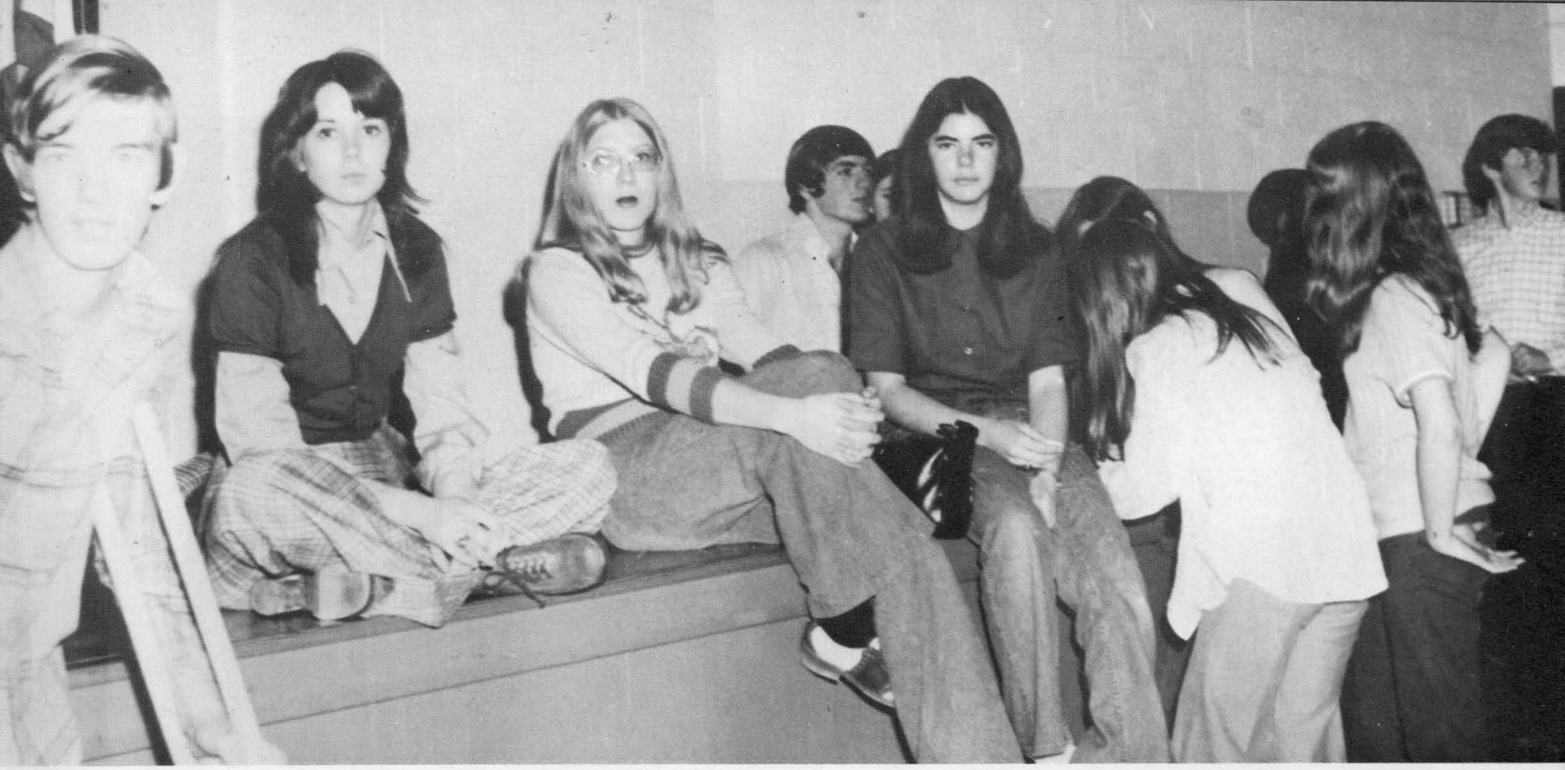

We recommand you to take care of the minutes——

—for the hours
will
take
care of themselves.

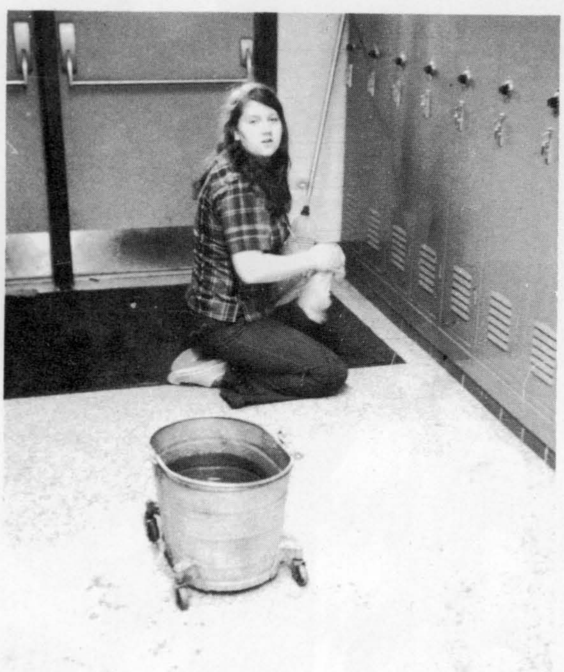

Experience is the best

of schoolmasters,

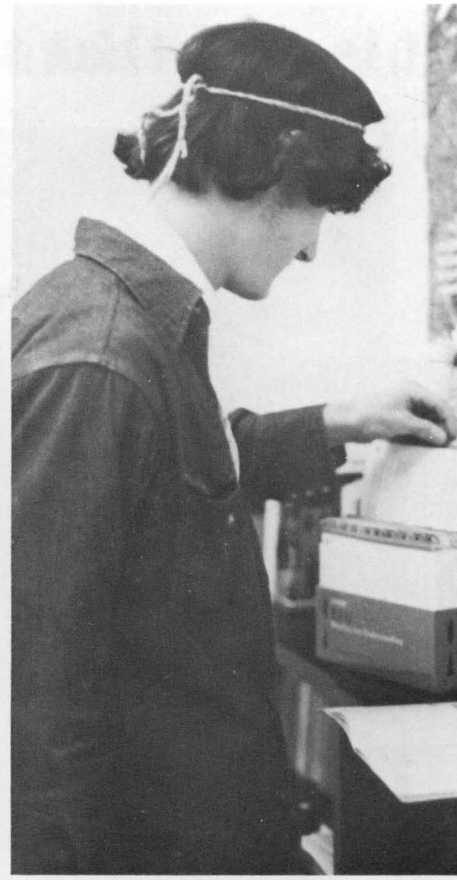

only the school fees

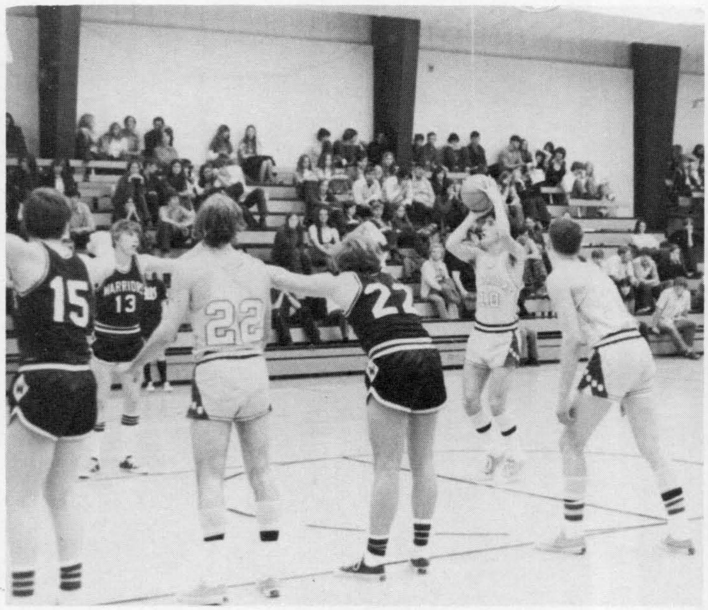

are

heavy!

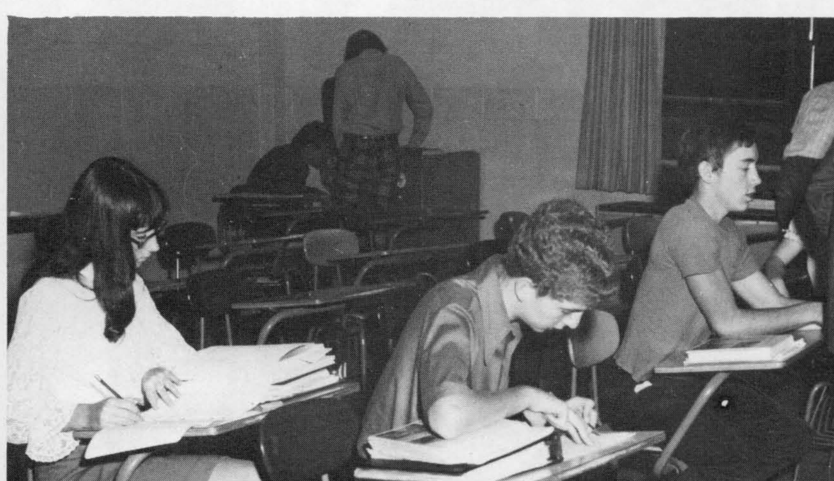

Our todays and yesterdays are the blocks with which we build. —Longfellow

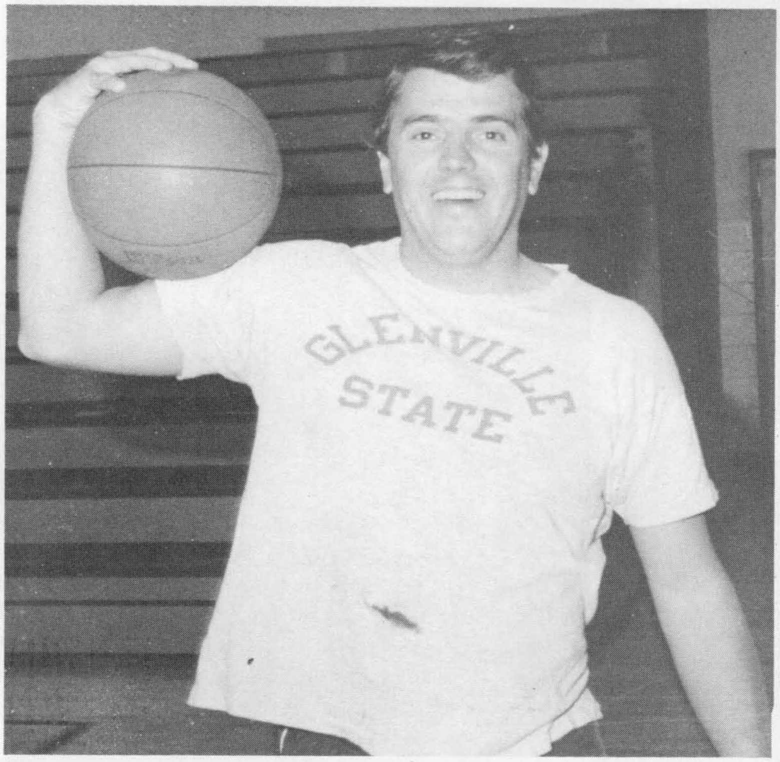

It is said that to everything there is a season

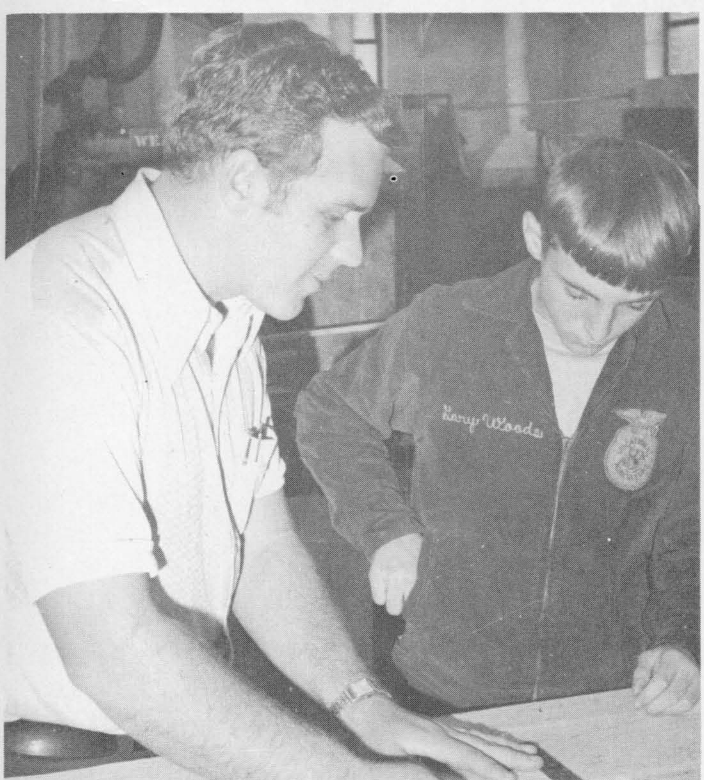

and a time to every purpose under heaven.

Take time for love and friendship——

Take time...
with each other.

Let the seed of love
grow and flourish with
the seasons...

Spring's awareness
Summer's warmth
Autumn's understanding
Winter's serenity.

Take my hand...
We've a lifetime.

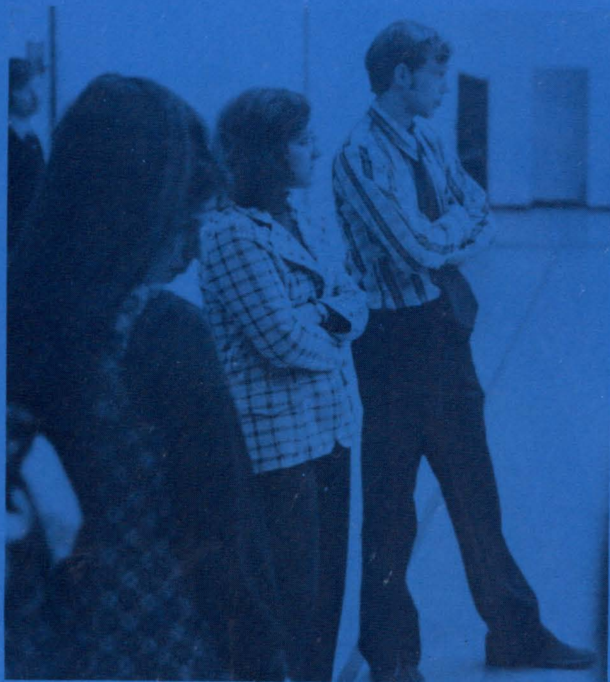

There is time for thought,

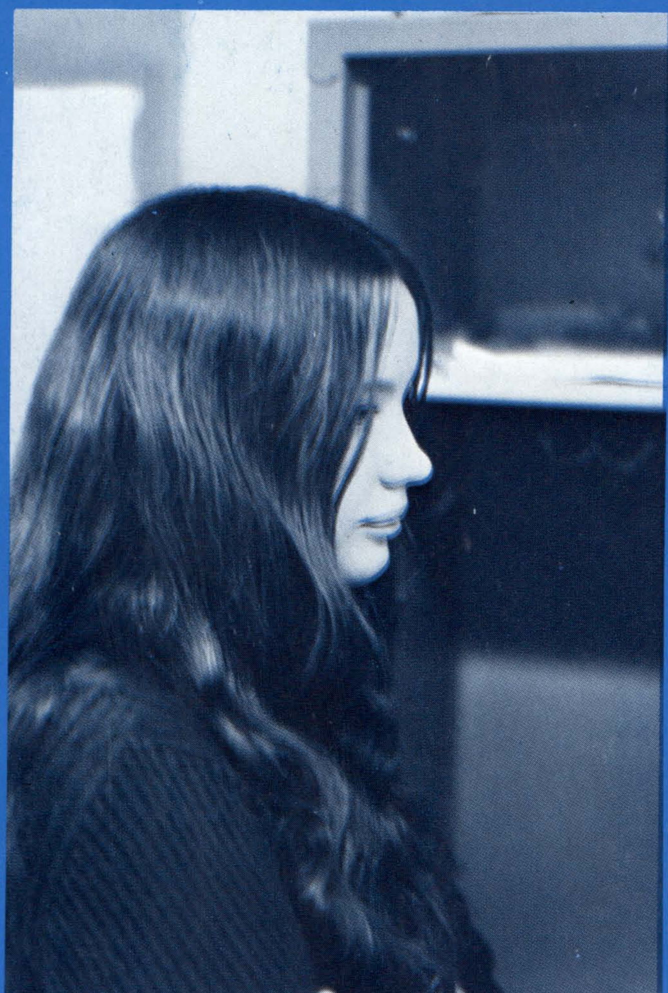

If I could save Time in a bottle
The first thing that I'd like to do
Is to save every day
'Til Eternity passes away
Just to spend them with you

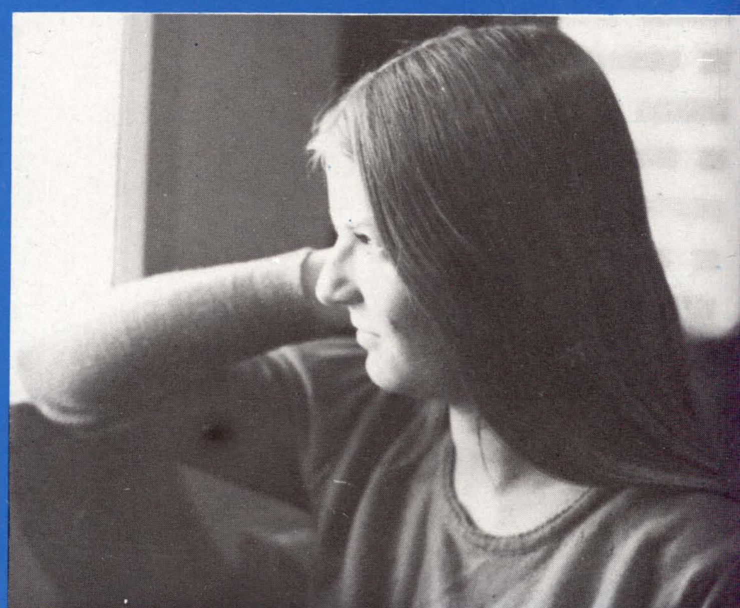

If I could make days last forever
If words could make wishes come true
I'd save every day like a treasure and then,
Again, I would spend them with you

But there never seems to be enough time
To do the things you want to do
Once you find them
I've looked around enough to know
That you're the one I want to go
Through time with

If I had a box just for wishes
And dreams that had never come true
The box would be empty
Except for the memory
Of how they were answered by you

—Jim Croce

and a time for sadness.

The loss of
a friend is like
that of a limb;
time may heal
the anguish of
the wound, but
the loss cannot
be repaired.

But as we prepare to pass from the spring of life to summer ——— ———we know the time to be happy is now, the place to be happy is here, the way to be happy is to make others so.

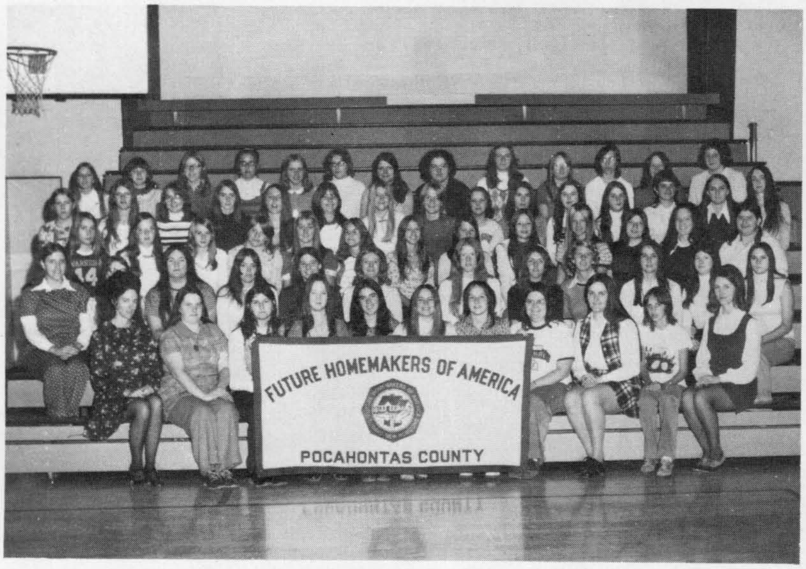

Organizations

I don't know what your destiny will be but one thing I know, the only ones among you that will be happy are those who have sought and found how to serve.

P.C.H.S. Marching And Concert Band

Percussion Section

Priscilla Tincher, Jeanie Tripplet, Connie Woodell, Alison Becker, Pat Leach, Betty Vandeavender, Sue Montgomery, Mary Jane Oref, Kris Kuhlkin.

The P.C.H.S. Marching and Concert Band participated in many activities during the year. Football and basketball seasons brought a variety of pre-game and half-time shows. In March, the band presented their annual "Pops Concert" to the four county grade schools, P.C.H.S. and the public. In May the band traveled to Clarksburg for the Northern West Virginia State Band Festival and later that month, they presented their fourth annual Spring Concert. To raise money for their activities, the band and Band Boosters Association sponsored a magazine drive, a candy-drive, bake sales, and a carnival.

If a man has a talent and cannot use it, he has failed. If he has a talent and uses only half of it he has partly failed. If he has a talent and learns somehow to use the whole of it, he has gloriously succeeded, and won satisfaction and a triumph, few men ever know.

Features

. . . Of lives that intersect, then go their way
At last to lose themselves alone against
The shores of silence, our brief hours of play
Seem now the symbol: the bright memory fenced
With deep, oblivious forest, and condensed
Into one flash, one fragmentary scene
That skips the surface of the years between.

1974 Graduation

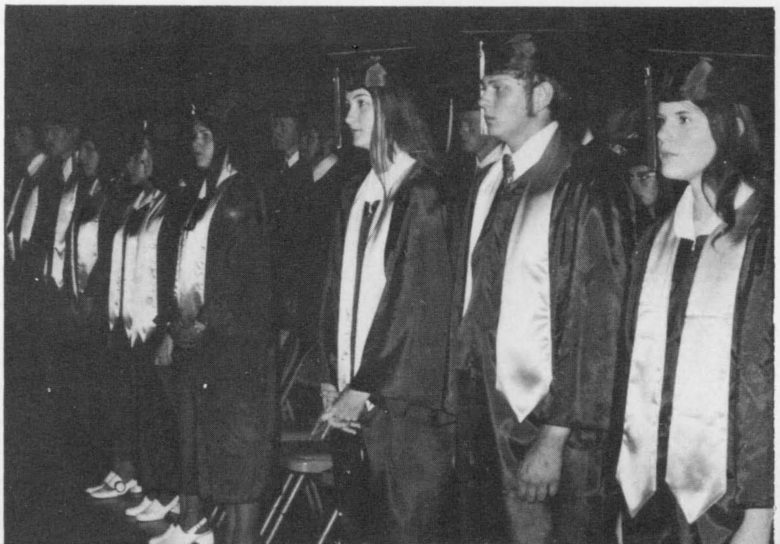

Last day, last year,
Things to hope for
Things to fear.
Tears of joy
And of sorrow.
Time to look for tomorrow.

Last day, last year,
"This is it!" your classmates cheer.
But in your heart you know you'll miss
The hassle in a school like this.

Last day, last year,
Yet in a very funny way,
You wish you had just one more day . . . .
Last day, last year.

Administration and Faculty

If we work upon marble, it will perish; if upon brass, time will efface it; if we rear temples, they will crumble into dust; but if we work upon our immortal minds—if we imbue them with principles, with the just fear of God and love of fellow men—we engrave on those tablets something which will brighten through all eternity.

Curriculum

The glory is not in never failing, but in rising everytime you fail.

Chinese proverb

Poetry is taught at P.C.H.S.

Norman Weinstein, Poet in Residence for Pocahontas and Randolph County Schools, worked with four English classes this year in the instruction of poetry. Weinstein, a native of New York and a wellknown poet, was sponsored by the Artists in Schools Program. His objectives were to get students to like and write poetry. A book of West Virginia student's writings is to be published next year.

Foreign language

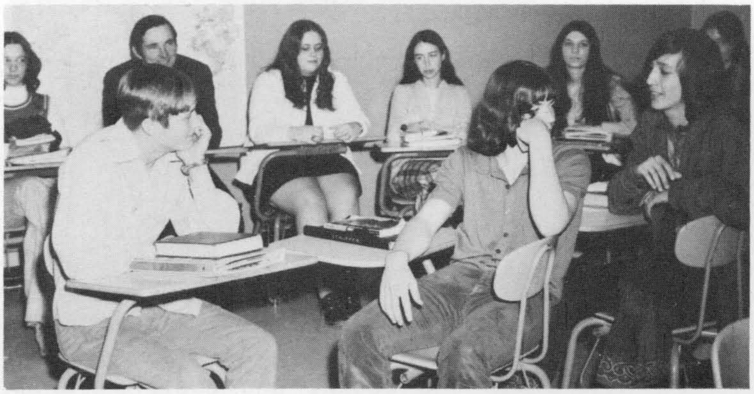

In Pocahontas County High School French is taught on two levels. The objectives of the teaching of the language are to acquaint the student with the culture of the country under study, to train the student to understand French when it is spoken and to speak it himself.

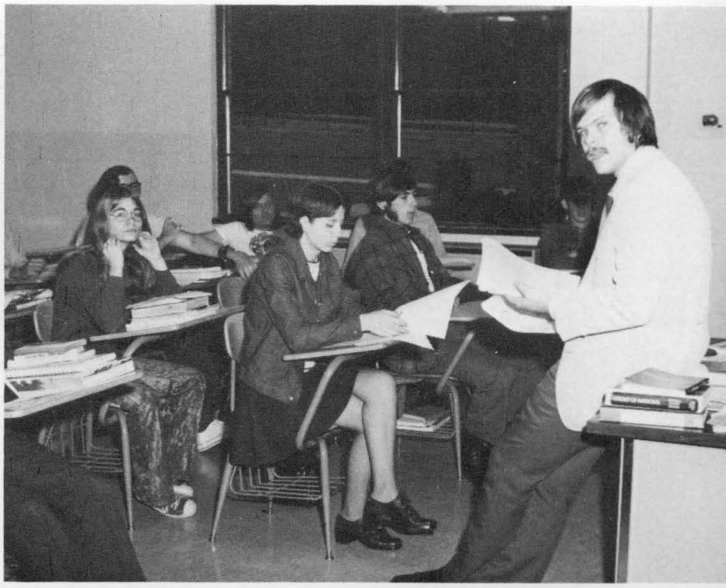

Latin I, II are also taught. The purpose of teaching Latin is for the student who is college-bound. Most schools require two years of foreign language. It helps to increase the student's vocabulary.

Team teaching is tried at P.C.H.S.

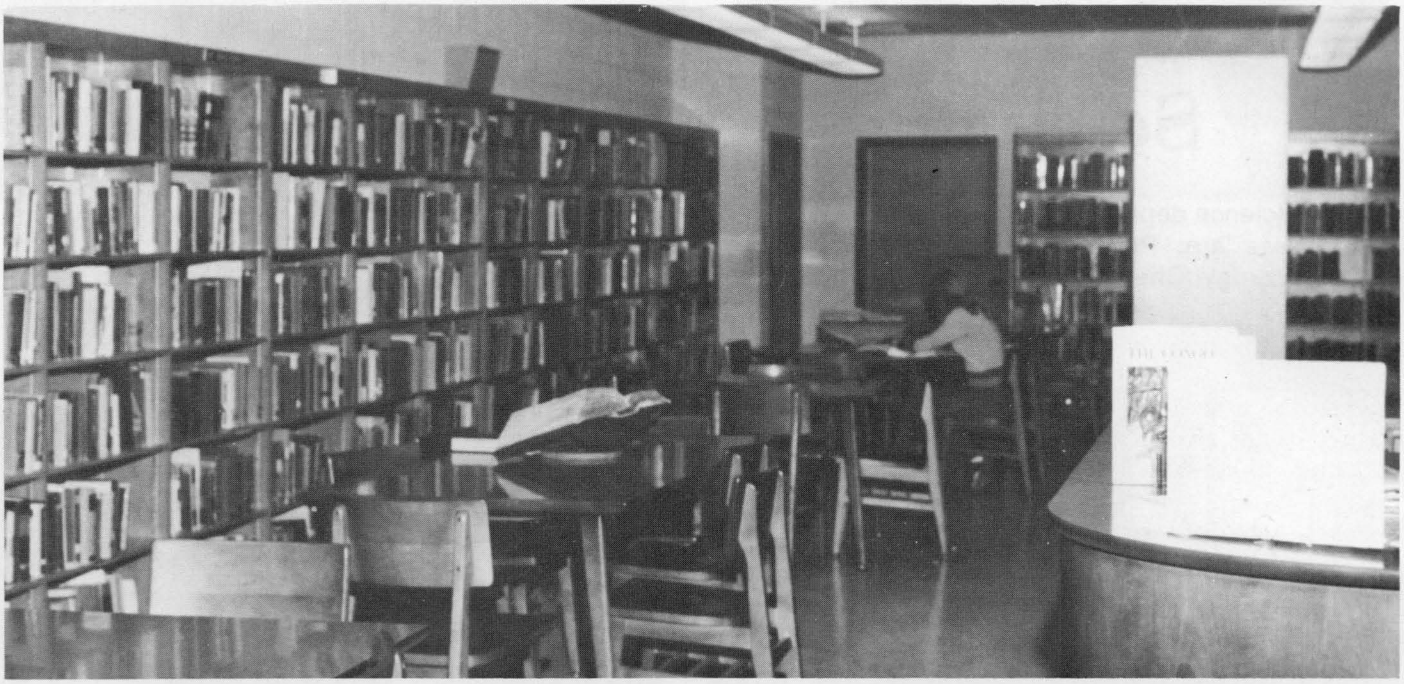

The Social Studies Department experimented with team teaching and large group instruction. This was on the ninth grade level with students meeting three days a week in a large class with two of the teachers. Then the other two days of the week are taken up by splitting into three small groups and having discussion class.

The electives offered this year were Problem Solving and Sociology.

Library provides learning environment

The library of Pocahontas County High School provides a vast source of knowledge.

This year the library held an open house. It has worked on a collection of the local history and has started a rare book collection.

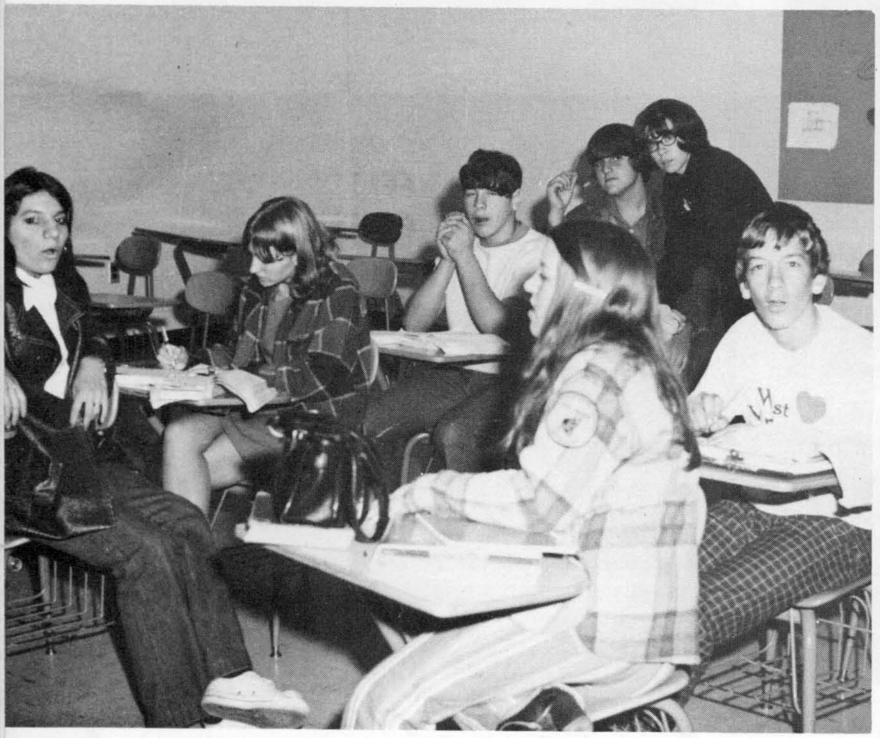

The local history consists of anecdotes, stories, jokes, and recipies. The purpose of collecting this information is to help future generations learn about their county.

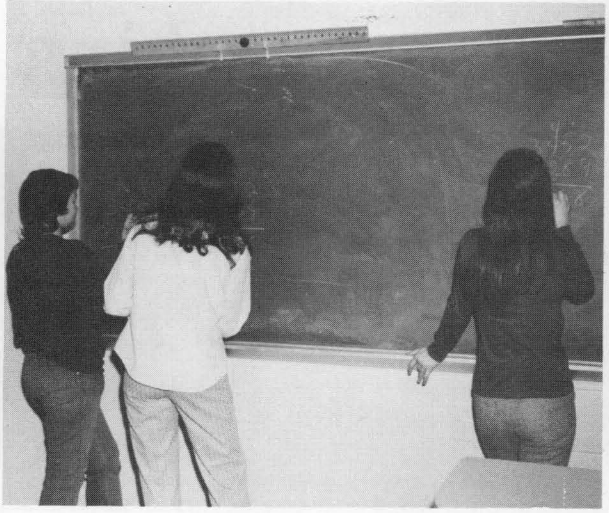

Books written by natives of Pocahontas County are being collected. They have been placed in the case donated to the library by the junior class in rememberance of Candy Cain.

The library is very proud of the two bird pictures that were donated to them.

The library also belongs to the Book of the Month Club which allows them to buy the latest best sellers.

Mathematics

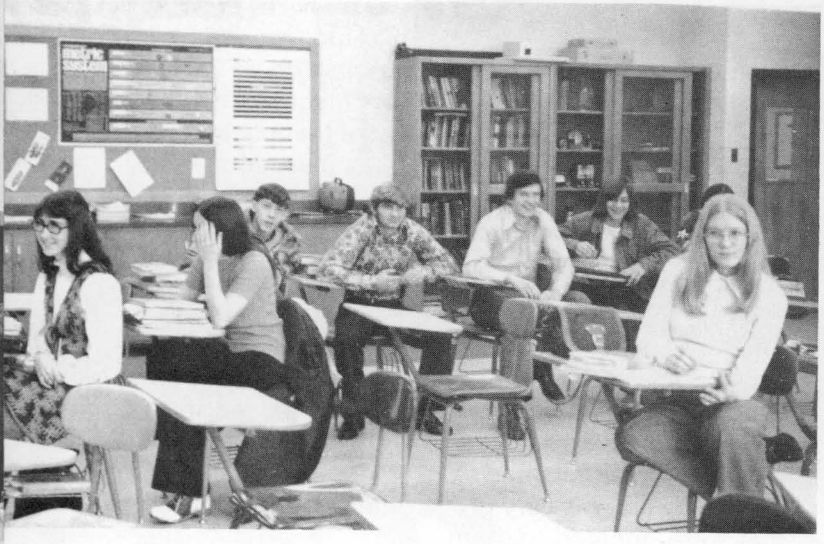

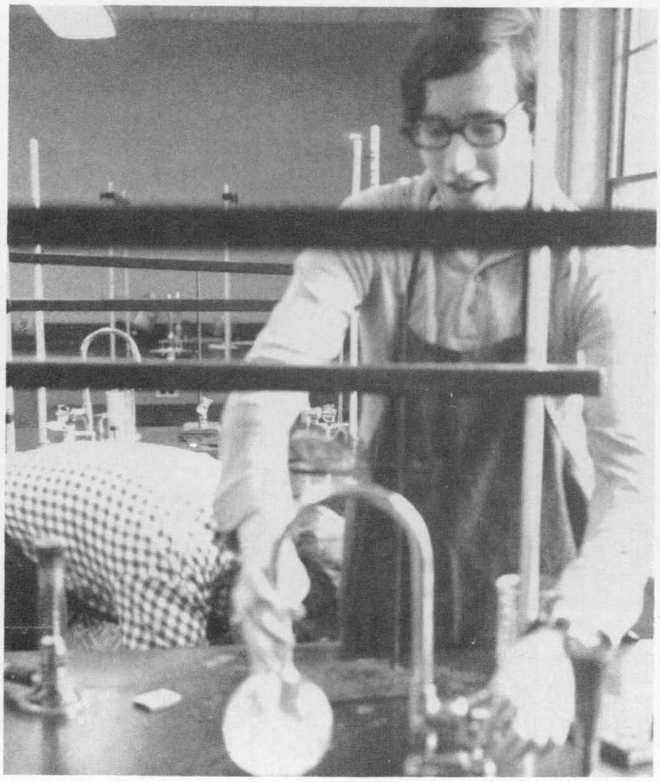

The Mathematics Department attempts to develop in all students a complete confidence in mathematical concepts and skills and to extend this knowledge into more abstract thinking. The courses offered are Basic Math, General Math, Algebra I and II, Geometry, and Algebra III - Trigonometry.

This year students participated in the Twenty-Fifth Annual High School Mathematics Examination on March 12, 1974. Mike Smith, a senior, and Debbie Oliver, a junior, tied for first place, and David Turner, a junior, placed third.

Science

The science department includes grade level 9-12. The classes are: Physical Science, BSCS Biology, General Biology, Chemistry, and Physics.

Weaving included in art

Stitchery and weaving were the highlight of a colorful involvement in the art department. Realistic designs were carried out in brilliant triads of thick and thin yarn on burlap. Even the male students showed enthusiasm over signs of the zodiac and animal shapes transferred to fringed hangings by means of oversized needles and yarn.

Hand made looms honored a trend toward the crafts and yielded gay ponchos and two hand woven Pocahontas High School insignia.

The abstract simulated stained glass window of luscious secondary and primary colors has been rewarding because of its success as a group endeavor.

Music department

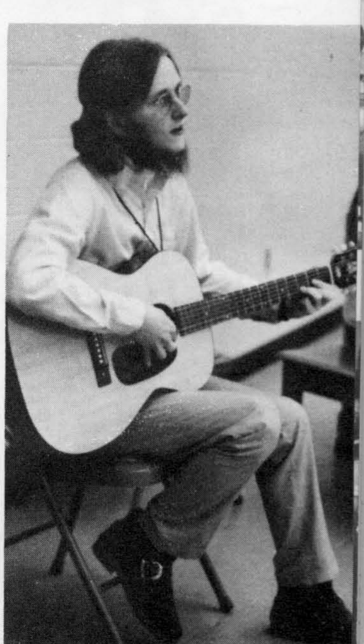

The music department includes four basic classes.

Band prepares the student for public and school performances in both concert and marching music.

Music Listening-Music Appreciation teaches the form of music and the history of music.

Instrumental teaches beginners and improves those who are already able to play.

Guitar class teaches the fundamentals of playing a guitar.

Vocational Studies Prepare

The electronics department is divided into two specific courses; Introduction to Electronics and Electronics Technology (two years).

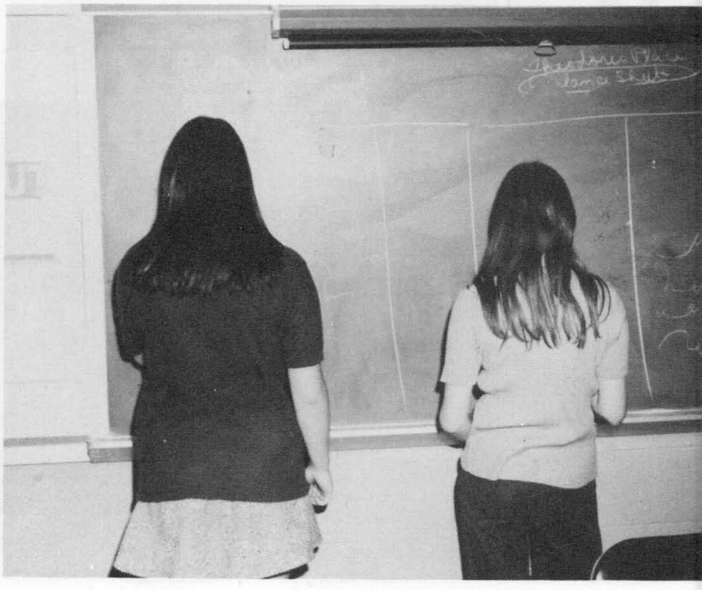

The introductory course is to familiarize the student with various electronics components identification and basic AC and DC theory. This class includes freshmen and sophomores.

Electronics Technology presents the necessary information for technical training in electronics principles, vacuum tubes and transistors needed for all electronics circuits. This class includes juniors and seniors.

The electronics classes have installed speakers in the hallways of Pocahontas County High School this year.

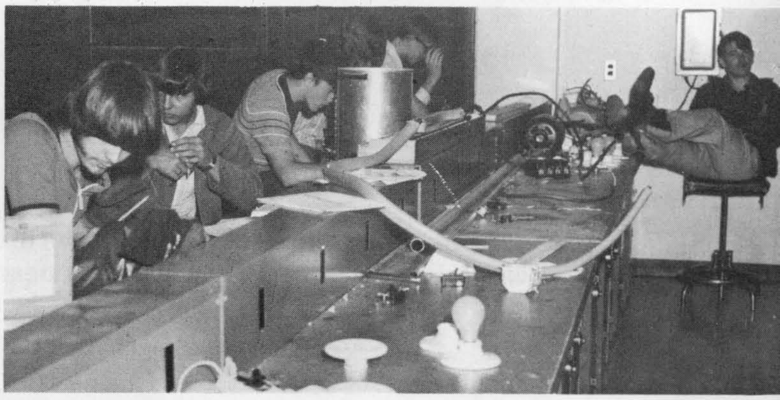

Another vocational class is Agriculture Science. The class includes the study of plant and animal science, community leadership training, and farm family living. The plant and animal science areas are geared to the type of agriculture in the community and to the particular interest of the student.

Students For Careers

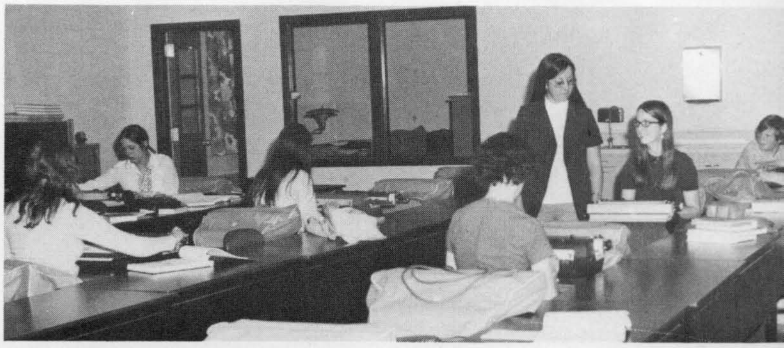

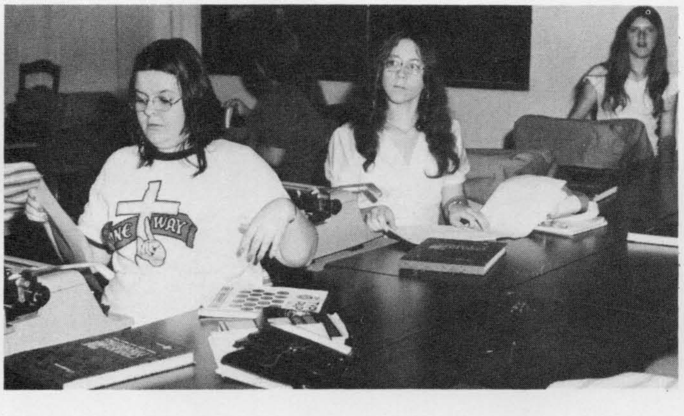

One interesting vocational class is the commercial foods class. The class meets two hours each day.

The program is planned around three phases. The first phase involves studying the food service industry, cooking principles, and table settings.The second phase is individual laboratory experiences. The final phase involves planning, preparing, and serving meals to faculty members.

After the program is completed, field trips are taken to various restaurants to observe types of service and facilities available.

Phys. Ed. stresses team, individual sports

Physical education includes grade 9-12 for both boys and girls. The program offers team sports such as football, soccer, hockey, lacross, backetball, volleyball and softball. The individual and dual sports include archery, tennis, badminton, bowling, wrestling and judo. The advanced girls clan went to Fairlea to the bowling lanes as a conclusion to the bowling unit. A balance beam has been added to the equipment this year.
